

KANISHKA GUPTA

Jhansi, Uttar Pradesh

☎ +91-9103888549 — ✉ gkanishka453@gmail.com — 🔗 LinkedIn — 🌐 Portfolio — 🐙 Github

Education

- **National Institute of Technology Srinagar** Aug 2023 – Jul 2027
Bachelor of Technology in Information Technology **CGPA: 8.91/10**
- **Jai Academy School** 2022
Class XII (CBSE): 91.8% (Mathematics: 95%) Class X (CBSE): 97.6% (2nd District Topper)

Experience

- Smart Contract Security Intern, Cerify (IIT Delhi)** *December 2025 - June 2026*
- Benchmarked Cerify and Neuro-SolTG on **24 Solidity smart contracts** from leading repositories including **OpenZeppelin, Uniswap, Aave, and Compound**.
 - Compared tool-generated reports across **Solidity smart contracts** to evaluate **vulnerability detection** for **reentrancy, access control, integer overflow, delegatecall, and denial-of-service** vulnerabilities.
 - Compared tool performance using **detection rate, false positives, runtime, and coverage**, and documented comparative findings through structured **benchmarking reports**.
- Cybersecurity Intern, C-DAC MeitY, Government of India** *January 2025 - March 2025*
- Configured a **Snort-based Intrusion Detection System** on **Linux** for real-time **network threat detection**.
 - Analyzed **5000+ TCP/IP packets** using **Wireshark** to identify anomalies and potential security threats.
 - Gained hands-on experience with **Snort, Wireshark, Nmap** for intrusion detection & network traffic analysis.

Technical Skills

Languages: Java, C++, Python, C, SQL
Frameworks: Spring Boot, React — **Web:** HTML, CSS, JavaScript
Core CS: Data Structures & Algorithms, OOP, OS, DBMS, Computer Networks
Tools & Databases: MySQL, Git, GitHub, Linux

Projects

- Campus Placement & Career Management Platform** *React, Spring Boot, MySQL*
- Developed a **full-stack platform** for managing campus placements, applications, and OA/interview experiences.
 - Implemented **JWT authentication, role-based access control**, and secure **REST APIs**.
 - Built modules for **company management, application tracking, DSA tracking, resume management**.
- Network Simulator** *Python, Socket Programming, TCP/IP, Multithreading*
- Built a **TCP/IP-based network simulator** using Python sockets for distributed node communication.
 - Simulated **concurrent communication across 10 nodes** with routing, flow control, and synchronization.
 - Designed a **modular architecture** for scalable node management and reliable message transmission.
- CULT SSB - Online SSB Mentorship Platform** *HTML, CSS, JavaScript, React.js*
- Developed frontend for a deployed SSB mentorship platform serving **300+ aspirants** with **30+ daily users**.
 - Built reusable **React components** and interactive registration & feedback modules with validation.
 - Enhanced user experience through **responsive design, UI testing, and debugging**.

Leadership Experience

- Campus Internship Coordinator** — *Department of Training & Placement, NIT Srinagar*
- Coordinated **SIDEQUEST, CODE-CLASH**, and orientation programs for **500+ students**, supporting internship and placement operations.
- TEDx NIT Srinagar** — *Management Lead & Hosting and Content Co-Lead*
- Led **speaker coordination**, cross-functional teams, event execution, ensuring seamless delivery under timelines.

Achievements & Extra-curriculars

- Secured **AIR 06** in NDA Exam ; **India's 1st NDA SSB Recommended girl** from 19 SSB Allahabad.
- **Qualified IOQM (Indian Olympiad Qualifier in Mathematics)** — National Stage.
- Contributor - **GirlScript Summer of Code 2025** and **Open Source Connect India 2025**
- College finalist Smart India Hackathon 2026 for internal rounds on the project Mann-Mitra.
